FULL-STACK DEVELOPER

EXPERIENCE

GIT GUARDIAN | FULL-STACK INTERN DEVELOPER

November 2018 – May 2019 | Paris, France

GitGuardian is a free, ethical security bot aimed at protecting developers from releasing potentially harmful secrets to GitHub.

- Front-end with **React** and Back-end with **Django** and **PostgreSQL**
- Deployment with **Docker** and **Gitlab-CI**

EDUCATION

ÉCOLE 42 | COMPUTER SCIENCE

Since November 2017

42 is a free french computer programming school created by Xavier Niel. The school does not have any professors. The training is inspired by new modern ways to teach, which include peer-to-peer pedagogy and project-based learning.

BACCALAURÉAT SCIENTIFIQUE | HIGH SCHOOL SCIENTIFIC GRADUATION

2016 | Lycée Saint Joseph Le Havre

With honors ("Assez Bien") and European English distinction

AWARDS

CAMBRIDGE ENGLISH ADVANCED (CAE) | C1 ENGLISH CERTIFICATION

2016 | Cambridge College

NAVYA X 42 - TEAM EXEDRA - FIRST PLACE | CODING CONTEST

Mondial Paris Motor Show 2018

The french autonomous car brand made a contest with 42, the goal was to improve the user experience aboard the car. We imagined a mobile meeting-room, then we realized a platform to book and manage meetings. We will present our solution at the CES 2019.
